

**Community Strategy: Half Way There?  
Tuesday 15 September 2009  
VAC – 293 – 299 Kentish Town Road NW5  
12.00 – 14.00  
Lunch provided**

Over the past year CamdenCEN has held a number of seminars on the themes in '*Camden Together - Camden's Sustainable Community Strategy 2007 – 2012.*'

The seminars provided space for Camden's voluntary and community sector to promote their work that contributes to the outcomes set out in the Community Strategy, to discuss issues of concern and publicise their achievements.

Information from these seminars was incorporated into reports presented at Local Strategic Partnership meetings. A report on all the seminar findings is now being put together in parallel with the LSP's 2 year review of the Community Strategy.

This seminar is an opportunity to look at the draft report and contribute additional information and comments. A copy of the draft report will be emailed when you book a place, or on request if you cannot attend.
